Designer Series Paper 4" by 5 1/4"

Directions:

Stamp, cut and punch your cardstock and items for the card. Color in the ape. Adhere the ape on the 2" circle using stampin' dimensionals. Adhere to the Starburst circle. Adhere the 1" circle sentiment to the 1 1/8" Scallop Circle. Score the card on the front and back 2" from the bottom across the 4 1/4" side. Fold the back to the front at the bottom. Fold the front to the back. It depends on what you want to fill your valentine with. You can adhere a strip of adhesive and place candy bar(s) on the inside and then fold and adhere the two 2" folds together for the bottom of the valentine. Or you can put things like licorice sticks or stick candy right in the valentine and give it like that. It all depends on what you want in the valentine. Packs of nuts or snack mix may also fit inside. Enjoy!
